85 DAYS OF COURT HELD HERE DURING YEAR 1921

Nearly One-third of Entire Years Given by Judge Dawson in Presiding at Court in Maryville.

According to Circuit Clerk Henry Westfall, there were eighty-five days of circuit court held in Maryville during the year 1921. This is nearly one-third of the entire year excluding Sundays and holidays. In addition to circuit court in this county, Judge Dawson has Worth, Gentry and Atchison counties in his circuit, and practically all of the rest of the time is given to holding court in these counties.

Mr. Westfall said during the year 1921 there were 399 cases filed. There were 175 jury cases, 84 criminal cases, 70 equity cases, 62 exceptions to drainage districts, 8 juvenile cases.

MUCH OF WHEAT CROP HAS FLY

REPLIES TO QUERIES COMING IN TO FARM BUREAU

80 PER CENT IN PLACES

Will Ramey, East of Arkoe, Reports Much Damage to His 500 Acre Crop

Replies have come into the farm bureau to the letter sent out last week in regard to the Hessian Fly infestation in Nodaway County. Replies which have been received are representative of the county. Some show that there is comparatively no infestation while in other places 50 per cent of the fields are affected by the pests. In other places as high as 80 per cent is damaged. Some places have not been examined yet.

Rolla Alexander of Elmo says that there isn't much damage on his farm but that he knows of two or three fields in his neighborhood which are infested. In this community the fly free date was observed, which Mr. Alexander thinks is the reason for the light infestation of the fly.

Charles Nicholas of Burlington Junction says that there are not any flies in his field of wheat. J. M. Wilson of Graham also reports his fields free from the pests. Carl Wray of Guilford has not investigated his fields yet.

W. S. Linville of Skidmore reports that approximately 50 per cent of his wheat is affected with the Hessian flies but that it is not infected enough to do serious damage to the wheat.

Fay M. Corrough of Arkoe says that he does not have any Hessian fly in his wheat but that two neighbors, Wendle Brothers and Frank Gray, both were troubled with fly.

Will Ramey, east of Arkoe, reports the heaviest infestation. He says that 80 per cent of his 500 acres of wheat has Hessian flies in it and that they are doing serious damages to his crop. His neighbors, Mark Anderson and Henry Lutgen, both have fields which are being damaged.

Emmett Scott, near Maryville and A. L. Oakerson of Skidmore both report that the fly is bad in their fields.

Roy A. Kinnaird, county agent, says that he hopes to have practically all of the replies in his office by the last of this week and that he will then begin an active campaign to clean up of these bugs.

BODY OF MISS JAMES ON THE WAY TO MARYVILLE

The body of Miss Orpha James who died in Colorado Springs, Colo., last Friday will arrive in Maryville tomorrow morning on the Wabash and will be taken to the home of her parents Mr. and Mrs. T. E. James, 943 West Third street. Mrs. James and her sister, Mrs. C. H. Huston, will come with the body. Mr. James and his daughter, Miss Verlea left Colorado Springs yesterday in the car and will drive through to Missouri. It is not known when they will arrive here. Funeral arrangements have not been made yet.

MRS. NICHOLSON IS 96 YEARS TODAY

HOPKINS WOMAN HAS PIONEERED IN THE STATES.

OF DUTCH PARENTAGE

Married to Baptist Minister in Native State and Later Lived in Illinois and Iowa.

Mrs. Lydia Trace Nicholson, mother of Walter S. Nicholson of Hopkins, is probably the oldest person in Nodaway County. This is her ninety-sixth birthday. She was born of Colonial Dutch parentage June 26, 1826, at Meadville, Crawford County, Penn.

During Mrs. Nicholson's life she has been a pioneer in three states of the

Union. Her first pioneering was in the great forests of Pennsylvania, her next was on the prairies of Illinois and the next on the prairies of Iowa.

August 15, 1849, Mrs. Nicholson was married to John Nicholson, a minister in the Baptist Church. For seventeen years she and her husband continued to live her native state. Then they moved to Kane County, Illinois, and later to Champaign County, in 1869, where they lived on a farm near Rantoul.

The Rev. Mr. Nicholson died in 1881 and Mrs. Nicholson moved with six of her ten children to a prairie farm in Clay County, Iowa. Here the children grew to manhood and womanhood. By the year of 1907, the size of the family at the old home was so much reduced by marriage and death that Mrs. Nicholson decided that it was no longer necessary to maintain a home of her own. Accordingly she went to live with her son, Walter S. Nicholson.

Mrs. Nicholson was the youngest of a large family of children and is the only one living. Two of her sons and two of her daughters are also dead. She has thirty-five living grandchildren and forty-four living great grandchildren.

At her great age she is now confind to her room and, according to members of her family, is patiently awaiting for the call to make one more and a last move.

SKIDMORE TURNED OUT TO FIGHT FIRE YESTERDAY

It Was Feared That It Would Burn Some Buildings—A Field of Rye Set Afire.

A fire which caused a wave of fear to go over the town of Skidmore started at 4 o'clock yesterday afternoon when the northbound passenger train set a timothy field on the farm of W. J. Skidmore afire. The strong wind blew the flames in the direction of the edge of the field, where there were two or three buildings. About everyone in town turned out to fight the flames. The fighters were able to stop the fire before it reached the buildings.

A forty acre field of rye on a near by farm was fired by the train and one of the shocks was burned. The field was half harvested. The train started fire at three other places along the right-of-way.

MARYVILLE HIGH SCHOOL BUILDING CAME NEAR BURNING

Frank Hooper Went to Get His Shovel and Found the Coal in Flames From Combustion.

Fate seemed to decree that the Central High School should be saved from fire last night. Why it was that Frank Hooper who has been janitor of the high school three or four years choose last night, rather than any of the other thousand or fourteen hundred days that have elapsed since he became janitor there, to go to the building and look for the shovel that he left, he cannot tell. But during the rain about 9 o'clock last night he went to the building and found that the coal, about two or three car loads, which was stored in the basement was burning. Spontaneous combustion had ignited the coal. Mr. Hooper called Burt Rowley, fire chief, who turned in the quiet alarm and the fire department turned out to fight the flames. The coal was moved around and the blaze finally gotten under control. Two guards were left to watch it during the night. The fire truck was not called out the firemen fought the fire with the inch and a half hose which was in the basement of the building.

TEACHERS MUST HAVE HEALTH CERTIFICATES

Showing the Teacher to be in Good Health and Free from Any Contagious Disease

The following statement was issued by County Superintendent Leslie G. Somerville today:

Since so many inquiries of me regarding the physical examination of teachers, I feel it necessary to refer you to the following law covering this phase. Section 3 of the provision for physical education reads as follows:

Teachers must have health certificates. No teacher shall be employed to teach in the schools of Missouri who has not furnished a certificate by a reputable physician, showing said teacher to be in good health and free from any contagious disease at the time the certificate is granted.

Fellow teachers; Since we are carrying out an active health campaign in this county I am interested that you respect the above regulation.

COFFER-MILLER PLAYERS GIVE CLOSING PERFORMANCE

They Have Pleased Their Audiences in Maryville Especially Well.

The Coffer-Miller players gave this afternoon at the auditorium of the State Teachers College the closing number of the series of four plays, when they appeared in the "Taming of the Screw."

The players have pleased their audiences in Maryville especially well and it is hoped that they will come back again. The plays Saturday were somewhat heavier than "The Rivals," given Friday evening as the opening number. In the Saturday evening performance the outstanding characteesr were Meg Merrles, a Gypsy, and Julia Mannering, played by Martha Miller; Able Sampson, a school teacher, and Dirk Hatteriack, a smuggler, played by Jess Coffer, and Don Mannering, played by Charles Stone.

Files Suit for Divorce

A divorce suit was filed in the circuit court this morning by Marie Eisenman by her next friend, Ed Fargo against Earl Eisenman. The petition states they were married on July 22, 1921 and lived together until June 24, 1922. Failure to provide for the plaintiff and her infant child was one of the grounds for the divorce.

A marriage license was issued late Saturday afternoon to Edwin P. Dutton and Lottie Messerwitte, both of Red Oak, Ia.

FORDS TRAVEL IN PORTABLE HOME

HAS THE ACCOMMODATIONS OF PULLMAN AND DINER.

BUILT IT IN PANAMA

Arrived Here Saturday for Visit With Mrs. J. S. Ford—Will Do More Touring.

How would you like to live in a house on wheels which has all the equipment and comforts that you could ask for in a pullman and diner, with a motor to travel along with as you see fit?

This is exactly the kind of a house Mr. and Mrs. Stanley R. Ford and two children of Gatun Panama, arrived here on Saturday. They are guests of Mr. Ford's mother, Mrs. J. S. Ford.

Speak of practically any comfort you will and Mr. Ford can show it to you in his house. Chairs—yes, here are three neatly fitted away in a compartment for them; wardrobe—sure, there is one one either side of the rear door, one for Mr. Ford and one for Mrs. Ford, with all the hangers one needs; cooking and serving utensils—there is a box of them and it contains all one could want for preparing an excellent meal; groceries—there is a supply of them that would run the family for several days; stationery—it is all in a little compartment near the roof in the front of the house; cigarettes and cigars—they may be found just across the room from the stationery; extra gas for an emergency—a gallon of it may be found in a container just to the left of the seat; water—a desert bag contains a supply to be kept cool all the time and there is another supply inside the house; but what about a place to keep butter, meat and other supplies that need ice? Well, sir, here is a refrigerator with a small chunk of ice in its place on the right running board.

Now you no doubt wonder what happens when night comes on the huose. It is this way. As soon as supper is served reading lights are turned on, the curtains are drawn and the family sits about and enjoys the magazines and the daily papers until bed time. Then the side panels are dropped there is a thirty-six inch bed on either side. The bed clothing is placed on them and Mr. and Mrs. Ford and their youngest son are provided for. The back of the seat is removed and placed in position so that there is a place for the older boy. While Mr and Mrs. Ford are reading in the evening the boys may be found at games, for there is a large chess board, which can be used for most any indoor game.

Suppose it should rain at night. Very well let it rain. It can't get the occupants of the house wet. They can enjoy the best snooze you can imagine while the rain is pattering away on the roof.

Mr. Ford, who is district quarter master for Gatun, made the house, with the assistance of his head carpenter. He shipped it to Norfolk on the ship Cristobal, on which he and his family came. The sills are made of Amargo, the Spanish name for bitter wood, the uprights are made of mahogany, the floor of cedar and the panels of redwood, with horizontals of oak, cedar and poplar doors and a poplar roof.

Mr. Ford says that it is the first all-wood house on wheels that he has seen, although he has come across a number on his trip which were made partly of metal. He purchased the chasis, which is a Ford, at Norfolk and placed the body on it.

On their trip West, the Fords went first to Mt. Vernon, Va., then to Washington, making stops also at points in Indiana and Kentucky. They left Panama May 22 and Norfolk June 3. They traveled 1,840 miles in getting here. They will remain in Maryville for about a week and will then go to Kansas City and Columbia, for visits returning to Maryville later in the summer. From here they will then go to Omaha, Chicago and Wisconsin, then East again, taking in the New England states before they return to Panama.

Mr. Ford has been in Panama for thirteen years. He has in hand most of the affairs of the town of Gatun, and the surrounding territory. His duties are somewhat those of a mayor, only they are more extended.

Mr. and Mrs. Harry Worl of Skidmore announce the birth of a son. He will be called Richard Harry.

1.03 INCHES OF RAIN FELL LAST NIGHT

Was Needed by Corn, Pastures and Gardens—Some Anxiety About Grain.

One and three-hundredth inches of rain fell last night, according to J. R. Brink. The corn, pastures and gardens were beginning to need it. Coming as it did in the midst of harvest it made many of the farmers uneasy for fear it would make their grain go down or that it would keep them out of the fields for some time. In a few cases the grain was laid down some and here and there cap sheaves were blown off or a shock torn down. But it was possible in some sections of the county to continue with the harvest this morning.

Several motor parties who were at Big Lake and other places yesterday were caught in the storm last evening. Several of them were unable to get back until 1 o'clock this morning, and some of them arrived here at 7 o'clock this morning.

DID NOT KEEP WILSON IN JAIL

SHERIFF PERMITTED PRISONER HIS FREEDOM IN DAY TIME

CRITIZED BY THE COURT

An Adjourned Session of Circuit Court Was Held Today

Quite a sensation was sprung in circuit court this morning when it was said Sheriff Roach was not keeping his prisoners in jail as he was required to. The matter was brought to the attention of the court when Prosecuting Attorney McCaffrey dismissed the burglary and larceny case against James H. Wilson. The defendant, Wilson, was not present in court at the time and a phone call to the jail brought the information that Wilson was not in jail but was working at the College Dormitory building. It was said Wilson who had been unable to give bail for $1,000 in the burglary and larceny case had been working during the day time on the new building and spending his nights at the jail.

Wilson was arrested last year on charges of possessing and transportation of intoxicating liquor. Bail was furnished and when these cases were called at the January term of circuit court, Wilson failed to appear and his bond was ordered forfeited. Wilson came back a few weeks afterwards and the court set aside the order of forfeiture of bond.

Wilson was arrested shortly afterwards on a charge of burglary and larceny of the Ross' produce store at Guilford. At his examination before Justice of Peace, W. L. Johnson, he was bound over to circuit court and bail was fixed at $1,000. Wilson was unable to find sureties for this bond.

Since Prosecuting Attorney McCaffrey dismissed the burglary and larceny case against Wilson, bail for $200 on each of two counts of possession and transportation of intoxicating liquor was fixed. Bail for these two counts was given.

Sheriff Roach was not in court this morning, but Judge Dawson said the sheriff was required to keep his prisoners in jail.

Leroup Stroup gave bond in circuit court for $1,000 and his case was continued until the September term. He is charged with receiving, concealing and disposing of mortgaged property.

In the divorce case of Althea M. Taylor against Bronson W. Taylor, a motion for temporary alimony and suit money was sustained. A judgment for $100 against the defendant for attorney fees. The case was set for hearing Friday.

Several exceptions to report of commissioners in drainage cases are scheduled to be heard this week by Judge Dawson. It was announced today that several of the cases are about to be adjusted out of court.

Returned to Los Angeles.

Mrs. A. R. Isaacson and daughter Virginia, who came here for the funeral of Mrs. Isaacson's mother, Mrs. Elizabeth Baker, started yesterday to their home at Los Angeles, Cal., after remaining for a visit.

Will Visit Her Sister.

Mrs. Caroline H. Ballentine of Washington, D. C., will arrive this evening or in the morning to visit her sister Mrs. W. A. Rickenbrode and Mr. Rickenbrode, 933 West Third street.

BRUNDAGE ASKED TO INVESTIGATE

MAYOR OF HERRIN LAYS TROUBLE TO COMPANY.

ONE MURDER CHARGE

Only Superintendent C. K. McDowell Pointed Out By Coroner's Jury—Unknown Parties.

Chicago, June 26.—Attorney General Brundage of Illinois has been asked to take personal charge of the investigation of the Herrin massacre, in resolutions passed by the Illinois lawyers' association.

The resolution condemned the authorities for failing to punish the guilty.

Herrin, Ill., June 26.—In a signed statement written exclusively for the International News Service Mayor A. F. Pace of Herrin expressed regret over the massacre. He declared that the surrounding towns were as guilty as Herrin. He said "personally I lay the entire trouble to William J. Lester, president of the Southern Illinois Coal Company, who brought the men down here put up an arsenal and then antagonized the general public in this district."

C. K. McDowell, the one-legged superintendent of the Southern Illinois Coal Company's strip mine, half way between Herrin and Marion, Ill., was the only man charged with murder by the coroner's jury, which concluded its investigations Saturady night. The nonunion men, the coroner's jury decided, came to their deaths "by gunshot wounds at the hands of parties to this jury unknown as the result of activities on the part of officials of the wrecked Lester mine."

GOVERNOR SMALL'S WIFE DIES AFTER HIS ACQUITTAL

Is Thought That the Strain of the Trial Brought on Apoplexy and Paralysis.

Waukegan, Ill., June 26—Mrs. Ida Moore Small, wife of Governor Len Small, died at her home here today. She was striken late Saturday with an attack of apoplexy and paralysis, following a bursting of a blood vessel near the brain. The attack followed the return home from Waukegan, where her husband had been acquitted of a charge of conspiracy to embezzle the state funds. Physicians attributed her death to the strain of the trial. The governor and his children were at the bedside at the time of her death. Physicians fear that the shock may be too great for the governor.

LLOYD GEORGE'S LIFE THREATENED THE REPORT

It Is Said That He Must See That Connelly and O'Brien Must Go Free.

London, June 26—Lloyd George has received annonomous letters threatening him with death of James Connolly and John O'Brien, alleged Wilson assassins are hanged, it was reported this afternoon. Lloyd George's office refused to confirm the statement. The coroners jury today returned a verdict of wilful murder against the pair.

LARGEST CIRCULATION IN NODAWAY COUNTY

Lewis C. Gabbert hereby announces as a candidate for renomination for Congress, fourth district of Missouri, subject to the decision of the Democratic primary to be held August 1, 1922.

I hereby announce myself as a candidate for the office of Presiding Judge of the Nodaway County Court, subject to the action of the Republican voters at the Primary Election on Tuesday, August 1.

HENRY N. MOORE.

A PARTY'S RESPONSIBILITY.

The following editorial was written by Editor W. C. VanCleve in the Moberly Monitor-Index:

The Democratic voters of the State of Missouri are charged with more than ordinary responsibility in the selection of a candidate for the United States Senate this year. It is not merely a choice of men for an expression of personal admiration. It amounts to a declaration of principles and the vote must determine whether the party now endorses or repudiates the things for which it stood two years ago.

The Monitor-Index is not concerned with the men. It will not favor nor oppose either on personal grounds and any discussion of the senatorial matter should be upon broader grounds. It has seemed that the public should be sufficient-acquainted with these men, since one has been a Senator for twelve years and the other has been a party nominee, to determine who it wants without the animosities of a bitter campaign. It has seemed furthermore that present conditions and the best interests of the party demand the utmost good feeling.

Personal abuse, criticism born of passion, hatred or prejudice, ridicule, cheap charges or insinuations designed to reflect upon the personal integrity of either candidate do not contribute either to good citizenship or to party success this coming fall. However, there are angles of the situation that the voter should seriously and dispassionately consider and the character of certain propaganda put out in the interest of Senator Reed not only invites but challenges attention and consideration.

Breckinridge Long takes his stand upon the record of the last Democratic administration and upon the last party platform and invites all to look for him there. Senator Reed is standing upon the record he has already made as Senator and says he has no apologies for that record. It is perfectly proper then to discuss that record as it affects this campaign, and try to ascertain whether it can be made to fit in and harmonize with the democracy of Missouri or her best interests. Senator Reed offers no promise of change from his course in the Snate and whether a further continuance will be acceptable to the Democrats of Missouri may well be considered by all party voters.

Congress hates to pass a new tariff bill but senators do like to talk about it.

It is well to respect the opinions of others and also to have opinions that others will respect.

A Boston woman is reported to have hypnotized a monkey. And this was a real monkey.

If the government was like any other business, it would go into the hands of a receiver for losing money.

The Harding administration is said to have agreed to urge a bill admitting cabinet members to a place on the floor of both branches of Congress to give them a right to speak. This matter has been advocated more or less for a number of years and is a fundamental change in Federal practice patterned after the custom in Europe. Attacks have become so frequent by members of Congress on members of the cabinet and their policies to which they are not allowed to reply that the proposition to give cabinet members an opportunity to state their positions correctly has been greatly strengthened. It might seem at first that it would increase the amount of talk in Congress but, as a matter of fact, it would doubtless reduce it by reducing the partisan argument pro and con.

L. S. YEO RETURNS FROM COLORADO BUSINESS TRIP

Is Quoted in the Daily Sentinel of Grand Junction—Has a Valuable Holding

L. S. Yeo returned to Maryville last night after several days spent on business and pleasure in Colorado. He visited Denver and Glenwood Springs and passed through the Royal Gorge and Tennessee Pass. He is very enthusiastic about the country near Grand Junction and Fruita, where he owns 100 acres of land. The land is located two and a half miles from Fruita, a town of about 1,200 people, and eight miles from Grand Junction, a place of about 10,500 people.

An electric interurban runs through his land and it is irrigated with water from Grand River. Fruit is the principal crop and special attention is given to the production of apples, pears, peaches, apricots and cherries.

The Daily Sentinel of Grand Junction said of Mr. Yeo: "L. S. Yeo of the firm of Yeo Brothers, real estate and business brokers of Maryville, Mo., is a visitor in Grand Junction and the Grand Valley at this time, and is delighted with the valley. Mr. Yeo became interested in the Grand valley through reading the Sentinel, and he now holds property interests in the Fruita district. He is here to look after his interests at this time.

"Mr. Yeo paid a visit to the Moyer natatorium at Lincoln Park and was delighted with it. He was especially interested in the pool, as at Maryville at this time needs a natatorium.

"Mr. Yeo foresees a wonderful development not only for the Grand Valley but for the entire western slope in the future, believing that the resources of this whole district have only been scratched up to this time. He is firm in the belief that Grand Junction will develop into one of the largest and best cities of the west."

STATE TEACHERS COLLEGE GIRLS TOOK A UKULELE

Group Which Went Yesterday to Omaha Played in Competition to Orchestra.

A number of girl students in the State Teachers College went yesterday on the Wabash excursion to Omaha and they say they had the time of their lives, especially on the trip up. Miss Mary Croy and a group of girls from Perrin Hall took with them a ukulele and ran a corner on music in competition to the De Molay orchestra that was holding forth in the rear coach of the train.

On the way back the girls were tired and most of them were more inclined to sleep than to be hillarious Some of the party, however, were still more in the motion of celebrating than resting, so upon an invitation from the sponsors of the DeMolay group they moved back in the DeMolay coach and were the center of attraction for the boys and even the older men most of the way home.

Among the girls making the trip Helen Dragoo, Weber Lamar, Mary B. Swope, Harriet Mohler, Ellen Sheley, Pearl Pinehart, Elsie Brown, Minnie Gee, Velma Stanton, Ethel Stanton, Alpha Max, Mildred Creamer, Priscella Peck, Helen Zentz, Mary Croy, Iva Lape, Viola Brant, Irene Wilson and Doris Scaffesky.

The Road to Yesterday.

Who of us can't remember the day that we could pick up a newspaper and read an advertisement that the newly weds could furnish a six-room love nest at some store for about $200 and get a discount from that for cash? Also when the man who paid $20 a month rent for his house was considered a plutocrat?

TEN DONT'S FOR JULY FOURTH.

The St. Louis Safety Council has issued ten "Dont's" for safety first on July 4.

They are:

DON'T burn gunpowder—you can celebrate without it.

DON'T let children set off fireworks if there must be fireworks.

DON'T, under any circumstances, let a child hold a sparkler.

DON'T let children light matches.

DON'T throw down a lighted match.

DON'T hold a firecracker in your hands, or cause danger to yourself or some one else by reckless discharge of firecrackers or rockets.

DON'T build a bonfire for fun.

DON'T let children get near a fire.

DON'T discharge firearms.

DON'T light a firecracker while holding others in your hands.

Yellowstone NATIONAL PARK

Nature's Unspoiled Masterpiece

Amazing geysers shoot 200 feet skyward; numberless pools sputter and boil; "paint pots" of liquid clay heave and splutter; petrified trees stand as when growing. And crowning all is the matchless, inexpressibly beautiful Canyon with colorings no man can describe.

These are random features of the wonders Yellowstone unfolds. Let them call you to an unforgettable vacation.

Visit Ogden Canyon, Salt Lake City, the Royal Gorge, Glenwood Springs, Colorado Springs and Denver without additional cost — *an advantage exclusive to the West Yellowstone route.* Or, if going to the Pacific Coast, make a side trip to the Park.

PAROLED ASYLUM PATIENT HAS MANIA FOR TAKING THINGS

James Sherbeck who has been working for Harve Walters on his farm northwest of Maryville was arrested Saturday for taking a watch from hand at the Walters farm. Sherbeck was picked up by City Marshal E. E. Tilton at the Burlington station Saturday night and had a ticket in his pocket for Bedford. The watch was found by Mr. Tilton in Sherbeck's pocket book and was returned to the owner. The sheriff at Bedford, Ia., came after Sherbeck Sunday afternoon and took him to Bedford. The sheriff said Sherbeck was a paroled patient from the asylum at Clarinda and has had a mania for picking up and taking things.

BURLINGTON JUNCTION WINS FROM CLARINDA

Wilcox-Stanberry Game Called on Account of Rain—Clearmont Wins From Elmo.

Burlington Junction won a hard-fought baseball game yesterday from the Clarinda "All Nations" at Clarinda by a score of 5 to 2. Monk, the Burlington moundsman, allowed but five hits and struck out sixteen men, while MacNile, his opponent allowed ten hits and struck out nine batters.

The game was played before an exceedingly large crowd. The longest hit of the game was made by McClelland of the Junction. He hit a three bagger with no one on. Burlington Junction scored one run in the second and four in the fifth. Clarinda scored once in the first and again in the third frame. The last four innings were scoreless.

The batteries were: Burlington Junction, Monk and Hagey; Clarinda MacNile and Linrod.

The Burlington Junction team is trying to match a game at home next Sunday.

The game between Wilcox and Stanberry yesterday afternoon at Stanberry had to be called at the end of the second inning on account of rain. When it was called the score stood 1 to 0 in favor of Wilcox. The run was made in the first inning. Buis, the first man up for Wilcox, hit the first ball pitched to him for a two bagger. Egley then struck out, but Jones singled and scored Buis.

In the two innings played Wilcox got five hits but allowed none. In fact, not a single Stanberry player saw first base.

The batteries were: Wilcox, Phipps and Tobin; Stanberry, Evans and Mullhead.

Clearmont won from Elmo yesterday by a score of 3 to 1. The feature of the game came early when Watson of Clearmont stole home. The batteries were: Clearmont, Nuckolls and Carmichael; Elmo, Lamar and Hostetter.

Hopkins easily won from Ravenwood yesterday at Hopkins by a score of 14 to 5. The game was a shutout until the seventh inning when Ravenwood finally was able to pound out five runs.

The batteries were: Hopkins—Dixon and Turner; Ravenwood—Joy and Bishop. Dixon allowed five hits and struck out twelve batteries while Joy gave away sixteen hits and retired but four men via the three-strike route

Claude Wilson of Maryville was the umpire. Hopkins plays at Clearmont next Sunday.

The Wilcox Seconds lost to Arkoe yesterday at Wilcox by a score of 8 to 13. Poor fielding featured the game. The curious thing was that both pitchers and both catchers knocked home runs. Pierpoint, the Arkoe catcher, hit the ball twice for a circuit drive.

The batteries were: Wilcox—Ashford and Sherlock; Arkoe—Robison and Pierpoint. The Wilcox Seconds will entertain Xenia at Wilcox next Sunday.

PRODUCE REVIEW.

The heaviest production of butter for the entire country so far the present season seems to have been the past week. Production from now on should show a gradual decrease, governed by the pasturage conditions. On account of good demand for current use and storage purposes, the market has worked slightly higher.

Production of eggs is normal for this season of the year. The consuming demand is not as heavy as previously, and the amount going into storage is about normal. Prices have shown some decline.

On account of demand being for fine stock, best prices are being paid for eggs from northern sections.

The movement of live hens continues heavy for this time of year and all markets are on a lower level.

Spring chickens are moving in larger quantities and prices are working lower, which is usual for this season.

Golf Notes

Arrangements are being made for a golf tournament at the Country Club on the Fourth of July. There are to be three classes—the championship class for those having a score of not over 85 for eighteen holes; then Class A for those having scores less than 100 for eighteen holes; and Class B for those having scores over 100 for eighteen holes.

The members of the club are required to qualify for one of these classes by Wednesday night. They are to turn in their scores to F. C. Miller or Albert Kuchs. For qualifying scores 18 holes will be played. After all of the players have been classified, then on the Fourth, members in the championship class will be eliminated until the two men are selected to play the finals. It will be the same way in Class A and Class B.

Prizes will be given, but they have not yet been announced.

Judge Dawson has made a new hazard. Anyway, that is the way he characterizes the instructions which he gave Mrs. Dawson in golf Thursday evening when he tore up the turf and broke his new mashie while demonstrating one of his famous drives.

No new records were made yesterday. F. C. Miller equalled his old record, 35 again. After his thirty-third stroke the ball was within a few feet of the cup on the ninth hole, but he was unable to putt in, taking two putts.

Several golf players were caught out in the shower yesterday afternoon. After the rain which had settled the dust it was fine playing.

Several picnic parties are said to be held at the Country Club on the Fourth. There will be no general picnic as was first planned.

REAL ESTATE BANK IS KEEPING A DIARY

In It are Recorded Such Things as the Stock Market and the Doings of the 102 River.

Individuals are not the only ones who keep a diary. The daily statement book of the Real Estate Bank not only serves that purpose, but carries notations dealing with a variety of events ranging from the daily market reports and activities of the One Hundred and Two river to the death of prominent men such as Champ Clark.

One of the coincidents which is recorded in the book is the fact that a year ago yesterday there was a "good rain" in this section of the county. Yesterday there was 1.03 inches of rain Hogs on the St. Joseph market a year ago today were $8.50, according to the record, and today they are $10.30.

Accounts were begun on this statement sheet on March 15, 1920, and the first notation there shows that the Hundred and Two river was out of its banks on that day. June 28 last year was the hottest day up to that time and the thermometer registered 100 degrees in the shade.

Thus, with its dual purpose, the daily record sheet of the bank will be looked upon some time in the future as a history of the happenings of Nodaway County.

Mrs. Wolfers a Singer of Ability.

The Sunday Press of Long Beach Calif., had the following about the marriage of Miss Mabelle Marie Burch of that city to Fred R. Wolfers of Maryville which took place on June 15:

Because she is well known as the possessor of a beautiful colorature soprano voice, and because she is a young woman of unusual charm, announcement of the marriage of Miss Mabelle Marie Burch and Fred Robert Wolfers is of unusual interest in Long Beach.

The quiet home ceremony was performed Thursday morning at 10 o'clock at the home of the bride's parents, Mr and Mrs. V. E. Burch of 2211 Pasadena avenue, in the presence of a few friends and relatives. Dr. Lewis Thurber Guild read the marriage service, the couple taking their places in the living room.

Miss Burch was lovely in a gown of all-over-fillet with georgette slip, and carried a great bridal shower bouquet of orange blossoms, lilies of the valley and white Killarnies. She was attended by her sister-in-law, Mrs. Carleton H. Burch of Los Angeles. The matron of honor wore oyster white georgette and carried a nosegay of get-me-nots and maiden hair fern and Cecil buds The groom was attended by the bride's brother, Carleton H. Burch.

The home was made attractive with a great bowl of snap dragons and sweet peas on the mantle piece. Immediately after the ceremony, a seven course wedding breakfast was served at the Hotel Virginia, with tables centered by a basket of Columbia roses, forget-me nots and maiden hair fern.

The place cards were artistic hand painted affairs, and the breakfast included a huge two layer wedding cake and white ice cream doves.

Mr. and Mrs. Wolfers left immediately in an automobile for a brief wedding trip, and will stop at the Mission Inn and Coronado. They will return to Long Beach soon for a visit with the bride's parents before leaving for the East. Mrs. Wolfers' going away frock was made of black beaded canton crepe with matching cape and hat. The future home will be made in Maryville Mo., where Mr. Wolfers is attorney and vice-president of the Gillam-Jackson Loan & Trust Company. Robert Wolfers, a cousin of the groom from Maryville, was the only out of town guest at the wedding.

Mrs. Wolfers has made Long Beach her home for the past three years, and is well known here as a singer of ability. She received her early training in Kansas City and later studied with Herman Devries of Chicago. She was the first girl to sing over wireless, for which she received much newspaper publicity. Mrs. Wolfers has just completed a five weeks' engagement with the Will King company of San Francisco. She is well known in Los Angeles having been soloist at the Grauman theater on many occasions.

A PLEASANT PLACE FOR GENTLE FOLKS.

Stanley R. Ford Plays Golf On $15,000,000 Links

Stanley R. Ford, of Gatun, Panama who with his family, is visiting his mother, Mrs. J. S. Ford, plays when he is at home on the most valuable golf course in the world. It cost $15,000,000 It is none other than the great Gatun dam. It is a 9 hole course and Mr Ford says that a part of the dam is so rough that it is not possible to play on it. He thinks that the surface of the dam will be leveled off some time soon and that it will be possible to have an 18-hole course.

Mr. Ford played yesterday at the course of the Maryville Country Club and says that it is about the only game that he can recall in which he has not lost at least one ball. Some of the hazards on the Gatun course are sand and when a ball falls into it one might as well get another and go on without ever expecting to see the first one again.

OCCUPATION OF HAITI WAS JUSTIFIED REPORT

Washington, June 26—The American military occupation of Haiti was completely justified in a report submitted to the senate today by a committee which visited the Island to investigate serious charges brought against the marines.

The report made by Senator McCormick of Illinois declared the occupation was necessary to uphold the Monroe doctrine and to prevent French and German intervention at that time. He urged the retention of the marines but advised military courts be abolished.

Charges of illegal killings by the marines were partially supported by the committee which submitted evidence in ten such killings.

J. C. VAN AUSDALL DIES AT BURLINGTON JUNCTION

Built Many of the Residence in the Vicinity of Skidmore—Was 73 Years Old.

J. T. VanAusdall, 73 years old, died at the home of his son, S. T. VanAusdall, at Burlington Junction about 3 o'clock this morning.

Mr. VanAusdall was a carpenter and contractor and was born either in Ohio or New Jersey, where he lived until he was a grown man. He was married in Ohio about 45 years ago and then came to Missouri. He settled in the community known as Union Valley, a mile southeast of Skidmore, and has lived close to Skidmore until about two years ago, when he went to live with his son in Burlington Junction. Although he owned a farm and was interested in agriculture he spent most of his life in the carpenter and contract work. About ten or twelve years ago he gave up contracting, but remained active as a carpenter, until the last five or six years. Many fine residences in the territory surrounding Skidmore may be attributed to his workmanship

Funeral services will be held at the Methodist Church in Skidmore at 2 o'clock tomorrow afternoon. The Rev Reuben Barrett will have charge of the services. Burial will be in the Skidmore cemetery.

Mr. VanAusdall is survived by four children: Mrs. Clyde Barrett, Skidmore; Mrs. George Barrett, Fairfax; S T. VanAusdall, Burlington Junction, and Harry A. VanAusdall, Medford, Oregon Harry A. VanAusdall will be unable to attend the funeral.

DEMOLAY BOYS HAD GAY TIME

MORE THAN 60 WENT IN SPECIAL CAR.

MET BY COMMITTEE

Gave Drill at Krug Park Yesterday Afternoon and Took in the Concessions.

More than sixty DeMolays and Masons made the trip to Omaha in the DeMolay coach on the excursion train, which left Maryville at 7:32 o'clock yesterday morning and returned last night shortly after 11 o'clock. The trip was a decided success and those who went had a good time.

As soon as the excursion train pulled into Maryville yesterday morning squads of boys immediately fastened banners on the side and rear of the last coach. The banners were all different, but they all read something like this: "Omaha or Bust, DeMolay Maryville, Missouri."

While the banners were being tied on the coach another squad of DeMolays hoisted a piano on the rear platform of the coach. It was intended to take the piano into the coach, but owing to the entrance it was impossible to do so and the instrument was parked on the rear platform.

This piano was placed on the car by the newly organized DeMolay Fezzers a seven-piece orchestra. The Fezzers made the trip much more pleasant by playing almost all the way to Omaha. This orchestra has been organized but two weeks. The members of the orchestra are Merlin Warehime, piano; Ralph Wilson Eversole, violin; William Gaugh cornet; Forrest Froman, clarinet; Donald Dowell, C Melody Saxophone; William Mapel, traps, and Ray Bloomfield baritone saxophone.

When the excursion train arrived in Omaha the DeMolays and Masons were met at the depot by a committee composed of the officers of the Omaha Chapter of DeMolay.

The Omaha boys gave each member of the Maryville delegation a free admission ticket to Krug Park and then carried all of the Maryville baggage out to the park. The Maryville boys were then dismissed until 2:30 o'clock.

At that hour all of the delegation met at the park. It was arranged by the management of the park for the Maryville Drill Patrol to give an exhibition drill at 3:30 o'clock. The boys were then given tickets of admission to the various concessions.

At 3:30 o'clock the drill patrol in full uniform, under Captain H. D. Snyder and Patrol Captain William Mapel, marched out on the drill grounds at the park. A short snappy drill was given before a good sized crowd.

After the drill the Maryville boys scattered all over the park. Some went swimming, many rode on the Giant Coaster, the Whip and other rider, a few mingled with the fair sex The entire orchestra went into the dance pavilion and sat for about an hour listening to the Famous Krug Park Orchestra, one of the finest in the west

At 7 o'clock the excursion train left for Maryville. No one was left behind. On the return trip the "Fezzers" played again and almost everyone in the car joined in singing and making merry. There were several Maryville women in other cars of the train and they were invited into the DeMolay car to listen to the music.

About 10 o'clock everything quieted down in the car for a few minutes and some of the people tried to sleep. But it was decreed otherwise. It was a gay party and no one was allowed to sleep.

Two of the fezes of the drill patrol were lost. On the way up one boy lost his fez when he rubbered out of the window and one the way back another disappeared. One boy's straw hat blew off as he was passing between cars.

Among those making the trip were John Price, Gordon Roach, Robert Nicholas, Donald Williams, George Smith, William Robbins, Harley Bebout, Thurman Ashford, Walter Smith, Glenn Goodson, Lavelle Smith, Ernest Kessler H. E. Turk, M. H. Crawford, Fred Jackson, Lawrence Masters, Wesley Hagins Merlin Warehime, Raymond Jackson Earl Vickery, Don Hainey, John Allen DeMott, Jack Rowlett, Ermil Coler Ray Eckles, William Gaugh, Harlan Wray, William McDougal, Morton Evans, Forrest Froman, Ray Bloomfield, Virgil Adkisson, I. E. Tulloch, James Stewart, S. A. Roach, William Mapel, Donald Dowell, Ralph Wilson Eversole, Frank Mapel, Harold O'Banion, Marion Gile, Jarvis Bush, Martin Penisten, Morris Chick, William Geist Harold Moore, Paul Maxwell, Floyd Cook, Leonard Carstens, Jack Jones Townsend Godsey, Ray Hull, Vodre Willoughby, Paul Robey, Wilson McMurry, Ora McPherron, Cloys Appleby Eugene Broyles, Simeon Wright and Donald Davenport.

85 DAYS OF COURT HELD HERE DURING YEAR 1921

Nearly One-third of Entire Years Given by Judge Dawson in Presiding at Court in Maryville.

According to Circuit Clerk Henry Westfall, there were eighty-five days of circuit court held in Maryville during the year 1921. This is nearly one-third of the entire year excluding Sundays and holidays. In addition to circuit court in this county, Judge Dawson has Worth, Gentry and Atchison counties in his circuit, and practically all of the rest of the time is geven to holding court in these counties.

Mr. Westfall said during the year 1921 there were 399 cases filed. There were 175 jury cases, 84 criminal cases, 70 equity cases, 62 exceptions to drainage districts, 8 juvenile cases.

MUCH OF WHEAT CROP HAS FLY

REPLIES TO QUERIES COMING IN TO FARM BUREAU

80 PER CENT IN PLACES

Will Ramey, East of Arkoé, Reports Much Damage to His 500 Acre Crop

Replies have come into the farm bureau to the letter sent out last week in regard to the Hessian Fly infestation in Nodaway County. Replies which have been received are representative of the county. Some show that there is comparatively no infestation while in other places 50 per cent of the fields are affected by the pests. In other places as high as 80 per cent is damaged. Some places have not been examined yet.

Rolla Alexander of Elmo says that there isn't much damage on his farm but that he knows of two or three fields in his neighborhood which are infested. In this community the fly free date was observed, which Mr. Alexander thinks is the reason for the light infestation of the fly.

Charles Nicholas of Burlington Junction says that there are not any flies in his field of wheat. J. M. Wilson of Graham also reports his fields free from the pests. Carl Wray of Guilford has not investigated his fields yet.

W. S. Linville of Skidmore reports that approximately 50 per cent of his wheat is affected with the Hessian flies but that it is not infected enough to do serious damage to the wheat.

Fay M. Corrough of Arkoe says that he does not have any Hessian fly in his wheat but that two neighbors, Wendle Brothers and Frank Gray, both were troubled with fly.

Will Ramey, east of Arkoe, reports the heaviest infestation. He says that 80 per cent of his 500 acres of wheat has Hessian flies in it and that they are doing serious damages to his crop. His neighbors, Mark Anderson and Henry Lutgen, both have fields which are being damaged.

Emmett Scott, near Maryville and A. L. Oakerson of Skidmore both report that the fly is bad in their fields.

Roy A. Kinnaird, county agent, says that he hopes to have practically all of the replies in his office by the last of this week and that he will then begin an active campaign to clean up of these bugs.

MRS. NICHOLSON IS 96 YEARS TODAY

HOPKINS WOMAN HAS PIONEERED IN THE STATES.

OF DUTCH PARENTAGE

Married to Baptist Minister in Native State and Later Lived in Illinois and Iowa.

Mrs. Lydia Trace Nicholson, mother of Walter S. Nicholson of Hopkins, is probably the oldest person in Nodaway County. This is her ninety-sixth birthday. She was born of Colonial Dutch parentage June 26, 1826, at Meadville, Crawford County, Penn.

During Mrs. Nicholson's life she has been a pioneer in three states of the

MRS. LYDIA TRACE NICHOLSON.

Union. Her first pioneering was in the great forests of Pennsyivania, her next was on the prairies of Illinois and the next on the prairies of Iowa.

August 15, 1849, Mrs. Nicholson was married to John Nicholson, a minister in the Baptist Church. For seventeen years she and her husband continued to live her native state. Then they moved to Kane County, Illinois, and later to Champaign County, in 1869, where they lived on a farm near Rantoul.

The Rev. Mr. Nicholson died in 1881 and Mrs. Nicholson moved with six of her ten children to a prairie farm in Clay County, Iowa. Here the children grew to manhood and womanhood. By the year of 1907, the size of the family at the old home was so much reduced by marriage and death that Mrs. Nicholson decided that it was no longer necessary to maintain a home of her own. Accordingly she went to live with her son, Walter S. Nicholson.

Mrs. Nicholson was the youngest of a large family of children and is the only one living. Two of her sons and two of her daughters are also dead. She has thirty-five living grandchildren and forty-four living great grandchildren.

At her great age she is now confind to her room and, according to members of her family, is patiently awaiting for the call to make one more and a last move.

SKIDMORE TURNED OUT TO FIGHT FIRE YESTERDAY

It Was Feared That It Would Burn Some Buildings—A Field of Rye Set Afire.

A fire which caused a wave of fear to go over the town of Skidmore started at 4 o'clock yesterday afternoon when the northbound passenger train set a timothy field on the farm of W. J Skidmore afire. The strong wind blew the flames in the direction of the edge of the field, where there were two or three buildings. About everyone in town turned out to fight the flames The fighters were able to stop the fire before it reached the buildings.

A forty acre field of rye on a near by farm was fired by the train and one of the shocks was burned. The field was half harvested. The train started fire at three other places along the right-of-way.

MARYVILLE HIGH SCHOOL BUILDING CAME NEAR BURNING

Frank Hooper Went to Get His Shovel and Found the Coal in Flames From Combustion.

Fate seemed to decree that the Central High School should be saved from fire last night. Why it was that Frank Hooper who has been janitor of the high school three or four years choose last night, rather than any of the other thousand or fourteen hundred days that have elapsed since he became janitor there, to go to the building and look for the shovel that he left, he cannot tell. But during the rain about 9 o'clock last night he went to the building and found that the coal , about two or three car loads , which was stored in the basement was burning. Spontaneous combustion had ignited the coal. Mr. Hooper called Burt Rowley, fire chief, who turned in the quiet alarm and the fire department turned out to fight the flames. The coal was moved around and the blaze finally gotten under control. Two guards were left to watch it during the night. The fire truck was not called out the firemen fought the fire with the inch and a half hose which was in the basement of the building.

TEACHERS MUST HAVE HEALTH CERTIFICATES

Showing the Teacher to be in Good Health and Free from Any Contagious Disease

The following statement was issued by County Superintendent Leslie G. Somerville today:

Since so many inquiries of me regarding the physical examination of teachers, I feel it necessary to refer you to the following law covering this phase. Section 3 of the provision for physical education reads as follows:

Teachers must have health certificates. No teacher shall be employed to teach in the schools of Missouri who has not furnished a certificate by a reputable physician, showing said teacher to be in good health and free from any contagious disease at the time the certificate is granted.

Fellow teachers; Since we are carrying out an active health campaign in this county I am interested that you respect the above regulation.

COFFER-MILLER PLAYERS GIVE CLOSING PERFORMANCE

They Have Pleased Their Audiences in Maryville Especially Well.

The Coffer-Miller players gave this afternoon at the auditorium of the State Teachers College the closing number of the series of four plays, when they appeared in the "Taming of the Screw."

The players have pleased their audiences in Maryville especially well and it is hoped that they will come back again. The plays Saturday were somewhat heavier than "The Rivals," given Friday evening as the opening number. In the Saturday evening performance the outstanding characteer were Meg Merrles, a Gypsy, and Julia Mannering, played by Martha Miller; Able Sampson, a school teacher, and Dirk Hatteriack, a smuggler, played by Jess Coffer, and Don Mannering, played by Charles Stone.

Files Suit for Divorce

A divorce suit was filed in the circuit court this morning by Marie Eisenman by her next friend, Ed Fargo against Earl Eisenman. The petition states they were married on July 22, 1921 and lived together until June 24, 1922. Failure to provide for the plaintiff and her infant child was one of the grounds for the divorce.

A marriage license was issued late Saturday afternoon to Edwin P. Dutton and Lottie Messerwitte, both of Red Oak, Ia.

FORDS TRAVEL IN PORTABLE HOME

HAS THE ACCOMMODATIONS OF PULLMAN AND DINER.

BUILT IT IN PANAMA

Arrived Here Saturday for Visit With Mrs. J. S. Ford—Will Do More Touring.

How would you like to live in a house on wheels which has all the equipment and comforts that you could ask for in a pullman and diner, with a motor to travel along with as you see fit?

This is exactly the kind of a house Mr. and Mrs. Stanley R. Ford and two children of Gatun Panama, arrived here on Saturday. They are guests of Mr. Ford's mother, Mrs. J. S. Ford.

Speak of practically any comfort you will and Mr. Ford can show it to you in his house. Chairs—yes, here are three neatly fitted away in a compartment for them; wardrobe—sure, there is one one either side of the rear door, one for Mr. Ford and one for Mrs. Ford, with all the hangers one needs; cooking and serving utensils—there is a box of them and it contains all one could want for preparing an excellent meal; groceries—there is a supply of them that would run the family for several days; stationery—it is all in a little compartment near the roof in the front of the house; cigarettes and cigars—they may be found just across the room from the stationery; extra gas for an emergency—a gallon of it may be found in a container just to the left of the seat; water—a desert bag contains a supply to be kept cool all the time and there is another supply inside the house; but what about a place to keep butter, meat and other supplies that need ice? Well, sir, here is a refrigerator with a small chunk of ice in its place on the right running board.

Now you no doubt wonder what happens when night comes on the house. It is this way. As soon as supper is served reading lights are turned on, the curtains are drawn and the family sits about and enjoys the magazines and the daily papers until bed time. Then the side panels are dropped there is a thirty-six inch bed on either side. The bed clothing is placed on them and Mr. and Mrs. Ford and their youngest son are provided for. The back of the seat is removed and placed in position so that there is a place for the older boy. While Mr .and Mrs. Ford are reading in the evening the boys may be found at games, for there is a large chess board, which can be used for most any indoor game.

Suppose it should rain at night. Very well let it rain. It can't get the occupants of the house wet. They can enjoy the best snooze you can imagine while the rain is pattering away on the roof.

Mr. Ford, who is district quarter master for Gatun, made the house, with the assistance of his head carpenter. He shipped it to Norfolk on the ship Cristobal, on which he and his family came. The sills are made of Amargo, the Spanish name for bitter wood, the uprights are made of mahogany, the floor of cedar and the panels of redwood, with horizontals of oak, cedar and poplar doors and a poplar roof.

Mr. Ford says that it is the first all-wood house on wheels that he has seen, although he has come across a number on his trip which were made partly of metal. He purchased the chasis, which is a Ford, at Norfolk and placed the body on it.

On their trip West, the Fords went first to Mt. Vernon, Va., then to Washington, making stops also at points in Indiana and Kentucky. They left Panama May 22 and Norfolk June 3. They traveled 1,840 miles in getting here. They will remain in Maryville for about a week and will then go to Kansas City and Columbia, for visits returning to Maryville later in the summer. From here they will then go to Omaha, Chicago and Wisconsin, then East again, taking in the New England states before they return to Panama.

Mr. Ford has been in Panama for thirteen years. He has in hand most of the affairs of the town of Gatun, and the surrounding territory. His duties are somewhat those of a mayor, only they are more extended.

Mr. and Mrs. Harry Worl of Skidmore announce the birth of a son. He will be called Richard Harry.

1.03 INCHES OF RAIN FELL LAST NIGHT

Was Needed by Corn, Pastures and Gardens—Some Anxiety About Grain.

One and three-hundredth inches of rain fell last night, according to J. R. Brink. The corn, pastures and gardens were beginning to need it. Coming as it did in the midst of harvest it made many of the farmers uneasy for fear it would make their grain go down or that it would keep them out of the fields for some time. In a few cases the grain was laid down some and here and there cap sheaves were blown off or a shock torn down. But it was possible in some sections of the county to continue with the harvest this morning.

Several motor parties who were at Big Lake and other places yesterday were caught in the storm last evening. Several of them were unable to get back until 1 o'clock this morning, and some of them arrived here at 7 o'clock this morning.

DID NOT KEEP WILSON IN JAIL

SHERIFF PERMITTED PRISONER HIS FREEDOM IN DAY TIME

CRITIZED BY THE COURT

An Adjourned Session of Circuit Court Was Held Today

Quite a sensation was sprung in circuit court this morning when it was said Sheriff Roach was not keeping his prisoners in jail as he was required to. The matter was brought to the attention of the court when Prosecuting Attorney McCaffrey dismissed the burglary and larceny case against James H. Wilson. The defendant, Wilson, was not present in court at the time and a phone call to the jail brought the information that Wilson was not in jail but was working at the College Dormitory building. It was said Wilson who had been unable to give bail for $1,000 in the burglary and larceny case had been working during the day time on the new building and spending his nights at the jail.

Wilson was arrested last year on charges of possessing and transportation of intoxicating liquor. Bail was furnished and when these cases were called at the January term of circuit court, Wilson failed to appear and his bond was ordered forfeited. Wilson came back a few weeks afterwards and the court set aside the order of forfeiture of bond.

Wilson was arrested shortly afterwards on a charge of burglary and larceny of the Ross' produce store at Guilford. At his examination before Justice of Peace, W. L. Johnson, he was bound over to circuit court and bail was fixed at $1,000. Wilson was unable to find sureties for this bond.

Since Prosecuting Attorney McCaffrey dismissed the burglary and larceny case against Wilson, bail for $200 on each of two counts of possession and transportation of intoxicating liquor was fixed. Bail for these two counts was given.

Sheriff Roach was not in court this morning, but Judge Dawson said the sheriff was required to keep his prisoners in jail.

Leroup Stroup gave bond in circuit court for $1,000 and his case was continued until the September term. He is charged with receiving, concealing and disposing of mortgaged property.

In the divorce case of Althea M. Taylor against Bronson W. Taylor, a motion for temporary alimony and suit money was sustained. A judgment for $100 against the defendant for attorney fees. The case was set for hearing Friday.

Several exceptions to report of commissioners in drainage cases are scheduled to be heard this week by Judge Dawson. It was announced today that several of the cases are about to be adjusted out of court.

Mrs. Caroline H. Ballentine of Washington, D. C., will arrive this evening or in the morning to visit her sister Mrs. W. A. Rickenbrode and Mr. Rickenbrode, 925 West Third street.

BRUNDAGE ASKED TO INVESTIGATE

MAYOR OF HERRIN LAYS TROUBLE TO COMPANY.

ONE MURDER CHARGE

Only Superintendent C. K. McDowell Pointed Out By Coroner's Jury—Unknown Parties.

Chicago, June 26.—Attorney General Brundage of Illinois has been asked to take personal charge of the investigation of the Herrin massacre, in resolutions passed by the Illinois lawyers' association.

The resolution condemned the authorities for failing to punish the guilty.

Herrin, Ill., June 26.—In a signed statement written exclusively for the International News Service Mayor A. F. Pace of Herrin expressed regret over the massacre. He declared that the surrounding towns were as guilty as Herrin. He said "personally I lay the entire trouble to William J. Lester, president of the Southern Illinois Coal Company, who brought the men down here put up an arsenal and then antagonized the general public in this district."

C. K. McDowell, the one-legged superintendent of the Southern Illinois Coal Company's strip mine, half way between Herrin and Marion, Ill., was the only man charged with murder by the coroner's jury, which concluded its investigations Saturady night. The nonunion men, the coroner's jury decided, came to their deaths "by gunshot wounds at the hands of parties to this jury unknown as the result of activities on the part of officials of the wrecked Lester mine."

GOVERNOR SMALL'S WIFE DIES AFTER HIS ACQUITTAL

Is Thought That the Strain of the Trial Brought on Apoplexy and Paralysis.

Waukegan, Ill., June 26—Mrs. Ida Moore Small, wife of Governor Len Small, died at her home here today. She was striken late Saturday with an attack of apoplexy and paralysis, following a bursting of a blood vessel near the brain. The attack followed the return home from Waukegan, where her husband had been acquitted of a charge of conspiracy to embezzle the state funds. Physicians attributed her death to the strain of the trial. The governor and his children were at the bedside at the time of her death. Physicians fear that the shock may be too great for the governor.

LLOYD GEORGE'S LIFE THREATENED THE REPORT

It Is Said That He Must See That Connelly and O'Brien Must Go Free.

London, June 26—Lloyd George has received annonomous letters threatening him with death of James Connolly and John O'Brien, alleged Wilson assassins are hanged, it was reported this afternoon. Lloyd George's office refused to confirm the statement. The coroners jury today returned a verdict of wilful murder against the pair.

Was Operated On.

Mrs. Eugene St. Clare of Quitman was operated on at St. Francis hospital this morning. Her condition was reported as satisfactory this afternoon.

LARGEST CIRCULATION IN NODAWAY COUNTY

Lewis C. Gabbert hereby announces as a candidate for renomination for Congress, fourth district of Missouri, subject to the decision of the Democratic primary to be held August 1, 1922.

I hereby announce myself as a candidate for the office of Presiding Judge of the Nodaway County Court, subject to the action of the Republican voters at the Primary Election on Tuesday, August 1.

HENRY N. MOORE.

A PARTY'S RESPONSIBILITY.

The following editorial was written by Editor W. C. VanCleve in the Moberly Monitor-Index:

The Democratic voters of the State of Missouri are charged with more than ordinary responsibility in the selection of a candidate for the United States Senate this year. It is not merely a choice of men for an expression of personal admiration. It amounts to a declaration of principles and the vote must determine whether the party now endorses or repudiates the things for which it stood two years ago.

The Monitor-Index is not concerned with the men. It will not favor nor oppose either on personal grounds and any discussion of the senatorial matter should be upon broader grounds. It has seemed that the public should be sufficient acquainted with these men, since one has been a Senator for twelve years and the other has been a party nominee, to determine who it wants without the animosities of a bitter campaign. It has seemed furthermore that present conditions and the best interests of the party demand the utmost good feeling.

Personal abuse, criticism born of passion, hatred or prejudice, ridicule, cheap charges or insinuations designed to reflect upon the personal integrity of either candidate do not contribute either to good citizenship or to party success this coming fall. However, there are angles of the situation that the voter should seriously and dispassionately consider and the character of certain propaganda put out in the interest of Senator Reed not only invites but challenges attention and consideration.

Breckinridge Long takes his stand upon the record of the last Democratic administration and upon the last party platform and invites all to look for him there. Senator Reed is standing upon the record he has already made as Senator and says he has no apologies for that record. It is perfectly proper then to discuss that record as it affects this campaign, and try to ascertain whether it can be made to fit in and harmonize with the democracy of Missouri or her best interests. Senator Reed offers no promise of change from his course in the Snate and whether a further continuance will be acceptable to the Democrats of Missouri may well be considered by all party voters.

Congress hates to pass a new tariff bill but senators do like to talk about it.

It is well to respect the opinions of others and also to have opinions that others will respect.

A Boston woman is reported to have hypnotized a monkey. And this was a real monkey.

If the government was like any other business, it would go into the hands of a receiver for losing money.

The Harding administration is said to have agreed to urge a bill admitting cabinet members to a place on the floor of both branches of Congress to give them a right to speak. This matter has been advocated more or less for a number of years and is a fundamental change in Federal practice patterned after the custom in Europe. Attacks have become so frequent by members of Congress on members of the cabinet and their policies to which they are not allowed to reply that the proposition to give cabinet members an opportunity to state their positions correctly has been greatly strengthened. It might seem at first that it would increase the amount of talk in Congress but, as a matter of fact, it would doubtless reduce it by reducing the partisan argument pro and con.

L. S. YEO RETURNS FROM COLORADO BUSINESS TRIP

Is Quoted in the Daily Sentinel of Grand Junction—Has a Valuable Holding

L. S. Yeo returned to Maryville last night after several days spent on business and pleasure in Colorado. He visited Denver and Glenwood Springs and passed through the Royal Gorge and Tennessee Pass. He is very enthusiastic about the country near Grand Junction and Fruita, where he owns 100 acres of land. The land is located two and a half miles from Fruita, a town of about 1,200 people, and eight miles from Grand Junction, a place of about 10,500 people.

An electric interurban runs through his land and it is irrigated with water from Grand River. Fruit is the principal crop and special attention is given to the production of apples, pears, peaches, apricots and cherries.

The Daily Sentinel of Grand Junction said of Mr. Yeo: "L. S. Yeo of the firm of Yeo Brothers, real estate and business brokers of Maryville, Mo., is a visitor in Grand Junction and the Grand Valley at this time, and is delighted with the valley. Mr. Yeo became interested in the Grand valley through reading the Sentinel, and he now holds property interests in the Fruita district. He is here to look after his interests at this time.

"Mr. Yeo paid a visit to the Moyer natatorium at Lincoln Park and was delighted with it. He was especially interested in the pool, as at Maryville at this time needs a natatorium.

"Mr. Yeo foresees a wonderful development not only for the Grand Valley but for the entire western slope in the future, believing that the resources of this whole district have only been scratched up to this time. He is firm in the belief that Grand Junction will develop into one of the largest and best cities of the west."

STATE TEACHERS COLLEGE GIRLS TOOK A UKULELE

Group Which Went Yesterday to Omaha Played in Competition to Orchestra.

A number of girl students in the State Teachers College went yesterday on the Wabash excursion to Omaha and they say they had the time of their lives, especially on the trip up. Miss Mary Croy and a group of girls from Perrin Hall took with them a ukulele and ran a corner on music in competition to the De Molay orchestra that was holding forth in the rear coach of the train.

On the way back the girls were tired and most of them were more inclined to sleep than to be hillarious Some of the party, however, were still more in the motion of celebrating than resting, so upon an invitation from the sponsors of the DeMolay group they moved back in the DeMolay coach and were the center of attraction for the boys and even the older men most of the way home.

Among the girls making the trip Helen Dragoo, Weber Lamar, Mary B. Swope, Harriet Mohler, Ellen Sheley, Pearl Pinehart, Elsie Brown, Minnie Gee, Velma Stanton, Ethel Stanton, Alpha Max, Mildred Creamer, Priscella Peck, Helen Zentz, Mary Croy, Iva Lape, Viola Brant, Irene Wilson and Doris Scaffesky.

PAROLED ASYLUM PATIENT HAS MANIA FOR TAKING THINGS

James Sherbeck who has been working for Harve Walters on his farm northwest of Maryville was arrested Saturday for taking a watch from hand at the Walters farm. Sherbeck was picked up by City Marshal E. E. Tilton at the Burlington station Saturday night and had a ticket in his pocket for Bedford. The watch was found by Mr. Tilton in Sherbeck's pocket book and was returned to the owner. The sheriff at Bedford, Ia., came after Sherbeck Sunday afternoon and took him to Bedford. The sheriff said Sherbeck was a paroled patient from the asylum at Clarinda and has had a mania for picking up and taking things.

BURLINGTON JUNCTION WINS FROM CLARINDA

Wilcox-Stanberry Game Called on Account of Rain—Clearmont Wins From Elmo.

Burlington Junction won a hard-fought baseball game yesterday from the Clarinda "All Nations" at Clarinda by a score of 5 to 2. Monk, the Burlington moundsman, allowed but five hits and struck out sixteen men, while MacNile, his opponent allowed ten hits and struck out nine batters.

The game was played before an exceedingly large crowd. The longest hit of the game was made by McClelland of the Junction. He hit a three bagger with no one on. Burlington Junction scored one run in the second and four in the fifth. Clarinda scored once in the first and again in the third frame. The last four innings were scoreless.

The batteries were: Burlington Junction, Monk and Hagey; Clarinda MacNile and Linrod.

The Burlington Junction team is trying to match a game at home next Sunday.

The game between Wilcox and Stanberry yesterday afternoon at Stanberry had to be called at the end of the second inning on account of rain. When it was called the score stood 1 to 0 in favor of Wilcox. The run was made in the first inning. Buis, the first man up for Wilcox, hit the first ball pitched to him for a two bagger. Egley then struck out, but Jones singled and scored Buis.

In the two innings played Wilcox got five hits but allowed none. In fact, not a single Stanberry player saw first base.

The batteries were: Wilcox, Phipps and Tobin; Stanberry, Evans and Mullhead.

Clearmont won from Elmo yesterday by a score of 3 to 1. The feature of the game came early when Watson of Clearmont stole home. The batteries were: Clearmont, Nuckolls and Carmichael; Elmo, Lamar and Hostetter.

Hopkins easily won from Ravenwood yesterday at Hopkins by a score of 14 to 5. The game was a shutout until the seventh inning when Ravenwood finally was able to pound out five runs.

The batteries were: Hopkins—Dixon and Turner; Ravenwood—Joy and Bishop. Dixon allowed five hits and struck out twelve batteries while Joy gave away sixteen hits and retired but four men via the three-strike route

Claude Wilson of Maryville was the umpire. Hopkins plays at Clearmont next Sunday.

The Wilcox Seconds lost to Arkoe yesterday at Wilcox by a score of 8 to 13. Poor fielding featured the game. The curious thing was that both pitchers and both catchers knocked home runs. Pierpoint, the Arkoe catcher, hit the ball twice for a circuit drive.

The batteries were: Wilcox—Ashford and Sherlock; Arkoe—Robison and Pierpoint. The Wilcox Seconds will entertain Xenia at Wilcox next Sunday.

PRODUCE REVIEW.

The heaviest production of butter for the entire country so far the present season seems to have been the past week. Production from now on should show a gradual decrease, governed by the pasturage conditions. On account of good demand for current use and storage purposes, the market has worked slightly higher.

Production of eggs is normal for this season of the year. The consuming demand is not as heavy as previously, and the amount going into storage is about normal. Prices have shown some decline.

On account of demand being for fine stock, best prices are being paid for eggs from northern sections.

The movement of live hens continues heavy for this time of year and all markets are on a lower level.

Spring chickens are moving in larger quantities and prices are working lower, which is usual for this season.

Golf Notes

Arrangements are being made for a golf tournament at the Country Club on the Fourth of July. There are to be three classes—the championship class for those having a score of not over 85 for eighteen holes; then Class A for those having scores less than 100 for eighteen holes; and Class B for those having scores over 100 for eighteen holes.

The members of the club are required to qualify for one of these classes by Wednesday night. They are to turn in their scores to F. C. Miller or Albert Kuehs. For qualifying scores 18 holes will be played. After all of the players have been classified, then on the Fourth, members in the championship class will be eliminated until the two men are selected to play the finals. It will be the same way in Class A and Class B.

Prizes will be given, but they have not yet been announced.

Judge Dawson has made a new hazard. Anyway, that is the way he characterizes the instructions which he gave Mrs. Dawson in golf Thursday evening when he tore up the turf and broke his new mashie while demonstrating one of his famous drives.

No new records were made yesterday. F. C. Miller equalled his old record, 35 again. After his thirty-third stroke the ball was within a few feet of the cup on the ninth hole, but he was unable to putt in, taking two putts.

Several golf players were caught out in the shower yesterday afternoon. After the rain which had settled the dust it was fine playing.

Several picnic parties are said to be held at the Country Club on the Fourth. There will be no general picnic as was first planned.

REAL ESTATE BANK IS KEEPING A DIARY

In It are Recorded Such Things as the Stock Market and the Doings of the 102 River.

Individuals are not the only ones who keep a diary. The daily statement book of the Real Estate Bank not only serves that purpose, but carries notations dealing with a variety of events ranging from the daily market reports and activities of the One Hundred and Two river to the death of prominent men such as Champ Clark.

One of the coincidents which is recorded in the book is the fact that a year ago yesterday there was a "good rain" in this section of the county. Yesterday there was 1.03 inches of rain Hogs on the St. Joseph market a year ago today were $8.50, according to the record, and today they are $10.30.

Accounts were begun on this statement sheet on March 15, 1920, and the first notation there shows that the Hundred and Two river was out of its banks on that day. June 28 last year was the hottest day up to that time and the thermometer registered 100 degrees in the shade.

Thus, with its dual purpose, the daily record sheet of the bank will be looked upon some time in the future as a history of the happenings of Nodaway County.

Mrs. Wolfers a Singer of Ability.

The Sunday Press of Long Beach Calif., had the following about the marriage of Miss Mabelle Marie Burch of that city to Fred R. Wolfers of Maryville which took place on June 15:

Because she is well known as the possessor of a beautiful colorature soprano voice, and because she is a young woman of unusual charm, announcement of the marriage of Miss Mabelle Marie Burch and Fred Robert Wolfers is of unusual interest in Long Beach.

The quiet home ceremony was performed Thursday morning at 10 o'clock at the home of the bride's parents, Mr and Mrs. V. E. Burch of 2211 Pasadena avenue, in the presence of a few friends and relatives. Dr. Lewis Thurber Guild read the marriage service, the couple taking their places in the living room.

Miss Burch was lovely in a gown of all-over-fillet with georgette slip, and carried a great bridal shower bouquet of orange blossoms, lilies of the valley and white Killarnies. She was attended by her sister-in-law, Mrs. Carleton H. Burch of Los Angeles. The matron of honor wore oyster white georgette and carried a nosegay of get-me-nots and maiden hair fern and Cecil buds. The groom was attended by the bride's brother, Carleton H. Burch.

The home was made attractive with a great bowl of snap dragons and sweet peas on the mantle piece. Immediately after the ceremony, a seven course wedding breakfast was served at the Hotel Virginia, with tables centered by a basket of Columbia roses, forget-me nots and maiden hair fern.

The place cards were artistic hand painted affairs, and the breakfast included a huge two layer wedding cake and white ice cream doves.

Mr. and Mrs. Wolfers left immediately in an automobile for a brief wedding trip, and will stop at the Mission Inn and Coronado. They will return to Long Beach soon for a visit with the bride's parents before leaving for the East. Mrs. Wolfers' going away frock was made of black beaded canton crepe with matching cape and hat. The future home will be made in Maryville, Mo., where Mr. Wolfers is attorney and vice-president of the Gillam-Jackson Loan & Trust Company. Robert Wolfers, a cousin of the groom from Maryville, was the only out of town guest at the wedding.

Mrs. Wolfers has made Long Beach her home for the past three years, and is well known here as a singer of ability. She received her early training in Kansas City and later studied with Herman Devries of Chicago. She was the first girl to sing over wireless, for which she received much newspaper publicity. Mrs. Wolfers has just completed a five weeks' engagement with the Will King company of San Francisco. She is well known in Los Angeles having been soloist at the Grauman theater on many occasions.

Stanley R. Ford Plays Golf On $15,000,000 Links

Stanley R. Ford, of Gatun, Panama who with his family, is visiting his mother, Mrs. J. S. Ford, plays when he is at home on the most valuable golf course in the world. It cost $15,000,000 It is none other than the great Gatun dam. It is a 9 hole course and Mr Ford says that a part of the dam is so rough that it is not possible to play on it. He thinks that the surface of the dam will be leveled off some time soon and that it will be possible to have an 18-hole course.

Mr. Ford played yesterday at the course of the Maryville Country Club and says that it is about the only game that he can recall in which he has not lost at least one ball. Some of the hazards on the Gatun course are sand and when a ball falls into it one might as well get another and go on without ever expecting to see the first one again.

OCCUPATION OF HAITI WAS JUSTIFIED REPORT

Washington, June 26—The American military occupation of Haiti was completely justified in a report submitted to the senate today by a committee which visited the Island to investigate serious charges brought against the marines.

The report made by Senator McCormick of Illinois declared the occupation was necessary to uphold the Monroe doctrine and to prevent French and German intervention at that time. He urged the retention of the marines but advised military courts be abolished.

Charges of illegal killings by the marines were partially supported by the committee which submitted evidence in ten such killings.

J. C. VAN AUSDALL DIES AT BURLINGTON JUNCTION

Built Many of the Residence in the Vicinity of Skidmore—Was 73 Years Old.

J. T. VanAusdall, 73 years old, died at the home of his son, S. T. VanAusdall, at Burlington Junction about 3 o'clock this morning.

Mr. VanAusdall was a carpenter and contractor and was born either in Ohio or New Jersey, where he lived until he was a grown man. He was married in Ohio about 45 years ago and then came to Missouri. He settled in the community known as Union Valley, a mile southeast of Skidmore, and has lived close to Skidmore until about two years ago, when he went to live with his son in Burlington Junction. Although he owned a farm and was interested in agriculture he spent most of his life in the carpenter and contract work. About ten or twelve years ago he gave up contracting, but remained active as a carpenter, until the last five or six years. Many fine residences in the territory surrounding Skidmore may be attributed to his workmanship.

Funeral services will be held at the Methodist Church in Skidmore at 2 o'clock tomorrow afternoon. The Rev Reuben Barrett will have charge of the services. Burial will be in the Skidmore cemetery.

Mr. VanAusdall is survived by four children: Mrs. Clyde Barrett, Skidmore; Mrs. George Barrett, Fairfax; S T. VanAusdall, Burlington Junction, and Harry A. VanAusdall, Medford, Oregon Harry A. VanAusdall will be unable to attend the funeral.
